

## Compassionate Care Since 1876

### Mission

To provide residents with compassionate care in a respectful, homelike environment that honors individual dignity.

In keeping with the core values of the Sisters of the Divine Savior (Salvatorians) and the beliefs of the Catholic faith, we strive to improve quality of life, promote justice, collaborate with our partners in service, and be responsible stewards of our resources.

## Skilled Nursing

St. Anne's skilled nursing facility provides 24-hour supervision for residents who have compelling medical needs, health challenges and rehabilitation needs. Our facility has private and semi-private rooms, and can accommodate short- and long-term stays. We welcome residents without regard to race, faith tradition or payment source.

## Rehabilitation

St. Anne's provides physical, speech and occupational therapies six days per week. Our therapists offer inpatient and outpatient rehabilitation services for those who need therapy following surgery or an illness. The ultimate goal is to return residents back to the community, whether that involves going back to a private home, independent living apartment or assisted living setting.

## Memory Care

St. Anne's memory care program is focused on resident-centered memory care, with the ultimate goal of creating an environment in which residents feel safe and appreciated. We encourage independence, rediscovery, and exploration in a homelike environment. Staff members are specially trained to communicate and interact with memory-impaired individuals; developing warm relationships that enhance residents' comfort and quality of life.

## Faith is the Heart of our Home

Pastoral Care is greatly cherished by our residents. Our chaplain and director of mission and spiritual care are dedicated to meeting the spiritual needs of our residents. Mass is celebrated five days a week in St. Anne's beautiful chapel. Pastoral staff also provides bereavement support, sacrament of the sick, scripture studies, as well as interfaith services.

## Building Friendships

Providing purposeful activity programs truly enhances the quality of life and well being of every resident. Activities encourage socialization; enrich spirituality; promote friendships; and ensure that every resident feels supported and satisfied emotionally as well as physically.
